

GILMAN ELITE SOCCER ACADEMY

Camp Director: Jonathan Seal, Head Varsity Soccer Coach

I am very excited for the fifth year of the GILMAN ELITE SOCCER ACADEMY. This camp is for the advanced player who is looking to be challenged. During the week, the players will go through a series of advanced training sessions focusing on possession, attacking as a team, and defending as a team. Each session will end with a scrimmage where we will focus on playing various formations along with different styles of play.

Goalkeepers will focus on making the initial save, defending balls served from the flank, defending set pieces, and the various areas of distribution.
