COMMUNITY SERVICE REQUIREMENT AND FORMS

The Gilman School’s philosophy states, “Above all else, Gilman School seeks to help boys grow into men of character. We believe that the qualities of honor, leadership, dedication, and service to others must be emphasized and reinforced through all aspects of the school community.” Thus the program at Gilman, while stressing a rigorous academic preparation, acknowledges that the ultimate preparation of the student is for humanitarian service. The Upper School Community Service Program provides the students the opportunity to experience involvement with and service to others.

Goals of the Community Service Program

1. To help the student to become more aware of the larger community.
2. To help the student become conscious of and sensitive to those in need.
3. To provide opportunities for the student to share his gifts and talents with and for others.
4. To help the student begin the process of evaluating his own values, perceptions, attitudes, and feelings towards those in need.
5. To provide the student with an opportunity to grow in ways which are not provided by classroom or athletic endeavors.

Every Gilman student must perform community service as a requirement for graduation.

Community Service Requirements

1. Must be performed outside of Gilman School in one activity or organization for a non-paying position or with an approved service program on campus.
2. Must be completed during a fourteen month period for a minimum of 50 hours.
3. Must be performed after January of the freshman year and completed by August 1 of the senior year.
4. Must be performed for a disadvantaged community whose culture/circumstances are different from the student’s.
5. Must be evaluated and approved by the Director of Community Service, parent(s) and the organization prior to involvement or selected from an approved listing of community service agencies as submitted by the Director of Community Service.
6. Completion of the service will require the student’s written reflection on and reactions to the service experience, as well as the agency’s evaluation of the student and the student’s evaluation of the agency.
